

High Wind Safety

Do not ignore high wind advisories! Red Flag warnings mean stay indoors and avoid outside activities.

Safety tips

- Secure lawn furniture, trashcans, hanging house plants, barbeques, etc.
 - Inspect home for fallen objects that may cause fire.
 - Use handrails when possible when walking outside.
 - Watch for flying debris.
 - Make trees wind resistant and remove damage limbs.
- Don't remove electrical wires that fall on house or around house, call 911.
 - When driving, keep both hands on the wheel.
 - Keep a safe distance when driving.
 - Slow down when driving and watch for blowing dust.
 - If a power line falls on car, stay inside car and wait for help.
- National Weather Service-online or radio, stay informed.
